Dynamic Builders Relocates to the Gas Company Tower

Los Angeles, CA - - September 17, 2014 - - [Dynamic Builders](#) is excited to announce their relocation to new offices in the prestigious [Gas Company Tower in Los Angeles](#).

The firm can now be found on the 31st floor of this iconic tower, located on 5th Street and Olive Avenue, adjoining Pershing Square.

“In our new location, we’re situated in the heart of the thriving Los Angeles Financial District area,” said Ariel Trinidad, Dynamic Builders’ controller, “and we’re honored and proud to be in such a wonderful, historic tower.” Trinidad and his fellow coworkers are energized by their new surroundings, which provide an inspiring place from which to offer their services.

Over the past 50 years, Dynamic Builders has thrived, constructing over 700 facilities in an individualized, hands-on process for customers in a variety of industries. The firm has been able to remain a leader in their market by developing properties that address the custom business needs and specialties of every industry.
